# BE<sup>ca</sup>Aware

= BY: RICHARD FACUN =

In the past year skating has evolved into unpredictable AND boundless heights. As we roll into 1990 new Age rippers such AS Danny Way, Matt Hensly, Ray Barbée (well you know the ones I'm talkin' about) have sprouted quickly to top pro buds.

With promo-videos, kids study new trix & then quickly duplicate no handed Blunts, No complys, etc, oh, lets not forget the breath taking R2 D2 or C3-PO maneuver.

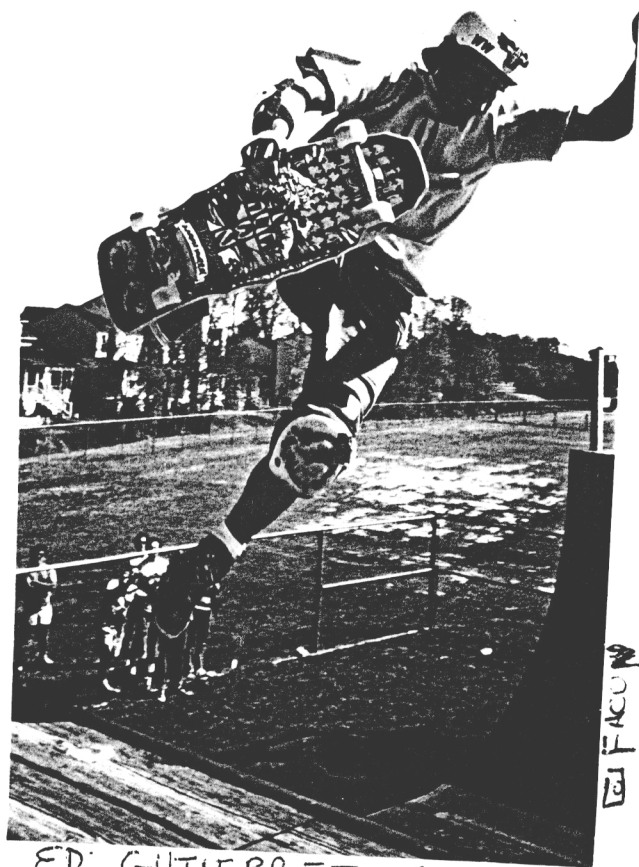

All is great, but...

"JACK WAS NIMBLE  
JACK WAS QUICK  
JACK DID TOO  
MANY CIRCUS  
TRIX!"

Its very strange that some can  
do these new Age, Meta physical trix,  
yet CANT MANAGE to ~~gyrate~~<sup>carve</sup> a pool,  
~~gyrate~~ a ditch, or slash some vertical  
coping. Get IT? ||

## GARBAGE GOSSIP

Filthy Phil has been rumored to be getting sent to Kuwait. Some homeboys are rumored to have been cheering Phil on singing "For he's a jolly good fellow, and Skate 4 Kuwait." Phil had a rager at the homestead and is rumored to have gotten kicked out of his house, got his car taken away, and is now living at the beach. He's also rumored to be quitting the military.

Scott Yonkers has been seen skating Redwing and some say they even saw him at Trashmore. Is it true?

Larry Glover is rumored to be moving to Richmond.

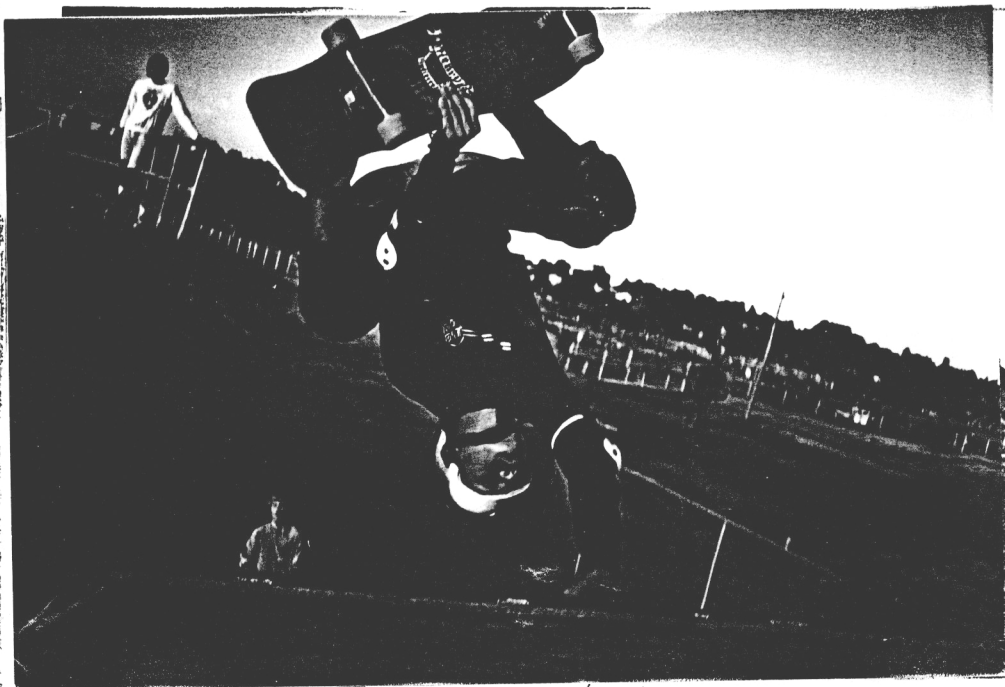

Jerry Manilo is now skating for Airbourne & Inland waves. Bushka Vokal is rumored to be turning pro at the Scope contest.

Sean Colley is rumored to be quitting WRV. We here at Soul are sure he has good reason if rumor is true.

Charles Harmon is rumored to have moved to Jamaica, grown long dreads, started a bud garden, and will be starring in the movie The Jungle Book II.

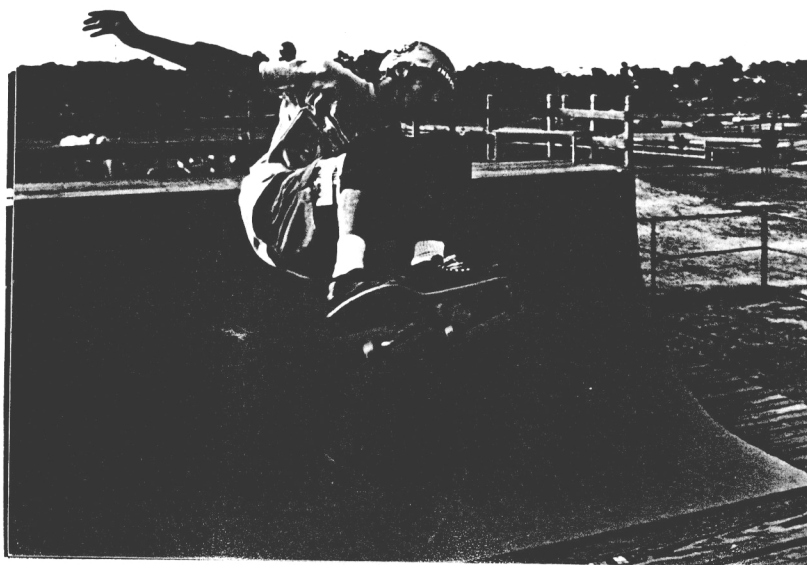

Rich Facun is now the father of a baby girl named Amber ~~and is rumored~~ who is rumored to be doing smith grinds in the family bathtub.
